

We are a  **Paper4trees** school

We are recycling our paper and cardboard to reduce the amount of waste sent to landfill.

EERST rewards our school with 1 native tree for every 2 cubic metres of paper and cardboard we recycle.

2 cubic metres is about the same amount as:

3 x wool sacks – 3/4 full

8 x large (240l) wheelie bins

1 x 2 cubic metre cage or skip bin

60 x (30l) green bins

Over the year we record how much paper and cardboard we recycle. In December, EERST sends us an order form so we can order our trees. The number of trees we are entitled to depends on how much we recycle throughout the year. The trees are then delivered to our school for us to plant in our school grounds, or within our local community.

EERST provides every classroom and office in our school with 30 litre green bins for our paper and cardboard recycling. Our school receives a newsletter every term to keep us updated about Paper4trees

Check our website to see the national, regional and district sponsors who help fund Paper4trees.
