

Paper4trees

CARBON REDUCTION PROGRAMME

We use _____
(Enter wool sack, wheelie bin or cardboard cage or other)

1	2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	---	----

- 1 x cardboard cage = one tree
- 3 x wool sacks = one tree
- 8 x wheelie bins = one tree

TOTAL NUMBER OF TREES AWARDED			
10	20	30	40
50	60	70	80
90	100	110	120
130	140	150	160
170	180	190	200

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30

- Select the type of container you collect the paper and cardboard in i.e. wheelie bins
- Each time your full container/s is/are taken away, record it in the row underneath the correct picture
- When you have filled enough of your containers to get 10 trees circle 10 in the grid above
- Wipe out your check marks on the chart and start again
- When entitled to 20 trees/native plants circle 20 in the grid above and carry on
- If you don't use any of the above methods and put it loose at the kerbside or take it to the recycling centre in small amounts – just estimate the volume and choose a method on this sheet to keep track.

1	2	3	4	5	6	7	8	9	10
